Three months after their marriage Charles George alleges in his petition for divorce from Oddie George, his wife abandoned him, taking all his money, diamonds and other personal property of any value. He asks for divorce on the grounds of gross neglect of duty. They were married May 3. 1917. F. W. Dunkle, attorney.

PRESS OF NATION THREATENED

Victor Rosewater, one of the noted newspaper publishers of the United States, and until recently owner of the Omaha Bee, established by his father, caused amazement in Washington when appearing before the house postoffice committee as spokeman for the American Newspaper Publishers Assocation, by stating on highest authority that more than 2,500 newspapers had suspended publication since

Well may this startling situation cause alarm among the membership of our national congress when it is considered the number of newspapers forced out of business is equal almost to 20 per cent of the total number in the country. The number quoted by Mr. Rosewater does not include a large number of newspapers that have had to quit publication within the last few months because of the exhorbitant prices for newsprint and other constantly mounting costs

of production. Anxiety has given place to serious alarm that the press of the nation is threatened, for what threatens the American press threatens the very sub-structure of our American institutions. If the heavy burdens the newspapers are compelled to carry now are not lessened soon the number of newspapers ruined in 1920, it is predicted, will show an enormous increase over the terrible toll of last year.

On December 1st, newsprint alone trebled in cost over pre-wal prices. Since then, in but two months, and to the dismay of publishers throughout the country, the price again has doubled, making the net cost to the newspapers more than six times what it was before the

Charles George alleges in his petition for divorce from Oddie George, his wife abandoned him, taking all his money, diamonds and other personal property of any value. He asks for divorce on the grounds of gross neglect of duty. They were married May 3. 1917. F. W. Dunkle, attorney.

PRESS OF NATION THREATENED

Victor Rosewater, one of the noted newspaper publishers of the United States, and until recently owner of the Omaha Bee, established by his father, caused amazement in Washington when appearing before the house postoffice committee as spokeman for the American Newspaper Publishers Assocation, by stating on highest authority that more than 2,500 newspapers had suspended publication since

Well may this startling situation cause alarm among the membership of our national congress when it is considered the number of newspapers forced out of business is equal almost to 20 per cent of the total number in the country. The number quoted by Mr. Rosewater does not include a large number of newspapers that have had to quit publication within the last few months because of the exhorbitant prices for newsprint and other constantly mounting costs of production

Anxiety has given place to serious alarm that the press of the nation is threatened, for what threatens the American press threatens the very sub-structure of our American institutions. If the heavy burdens the newspapers are compelled to carry now are not lessened soon the number of newspapers ruined in 1920, it is predicted will show an enormous increase over the terrible toll of last year.

On December 1st, newsprint alone trebied in cost over pre-war prices. Since then, in but two months, and to the dismay of publishers throughout the country, the price again has doubled, making the net cost to the newspapers more than six times what it was before the

Joseph LePrell Tells How Wonderfully Nerv-Worth Accomplished the work.

This extraordinary statement was made a few days ago to James G. England, of this city, who is now in Erie, Pa., putting on one of his famous Nerv-Worth campaigns:

from severe pains. Very feverish, and find relief. Stomach and digestion in very bad condition. I was forced to my bed gists. Send 3c stamp to The Jack and remained there three days. At son Medicine Co., Zanesville, O., for times I was burning up with fever sample package. and then I "froze up and knew I had to fight the "Flu."

My wife read a statement about Nerv-Worth being such a great help to ward off this terrible malady, and she purchased a bottle. In a day or so I was out of bed, and am ready to go to work. Nerv-Worth certainly did all and more than the makers claim for it. It did its work effectively in my case and I advise all to use it and WARD OFF THE FLU.

JOS. LePRELL, 335 1-2 E. 17th St., Erie, Pa. Your dollar back at Sayre & Hemphill's Xenia, if Nerv-Worth does not

NEARLY FIVE THOUSAND VISIT CO. LIBRARY

The report of the Greene County Lirary for the past fiscal year, which gives proof of the popularity of the institution, shows the number of books on hand and the number of people who patronize the institution

during a year. On October 1, 1919, there were 18,-050 books on hand, there being added during the year 472. Besides these 50 periodicals are regularly received from all sources, 37 of which are subscribed for by the Library and 13 of which are contributed.

The report shows that the number of volumes issued for home use was 46,719 and that the total number co readers for the year was 4,907, which shows that each reader took out an average of more than nine volumes during the year. The popularity of reading in the Library is shown by the fact that the number of readers of boks and periodicals in the Lib-

rary was 7,198.

The Library was open for circulation 295 days, the average daily circulation being 158 while the average monthly circulation was 3,893. The branches of the Library were also popular. At the station at Yellow Springs, there was a circulation of 590 books, at Bowersville 206, at Al-

THREE CENT RATE WILL PREVAIL IN RAILROAD CHARGES

THR EE Columbus, O., March 1—Unless the courts decide to the contrary the Ohio Two cent passenger law, in all probability, will not be observed by the railroads which reverted to private ownership today. The three cent rate is expected to continue, at least, until a rate is fixed by the state utiliities commission under the new Ohio law, effective April 11, which permits

a three cent rate. Railroad officials here say they have received no instructions to discontinue charging three cents a mile.

For the time being, it is expected that train schedules on roads entering this city will remain unchanged. Some changes are expected to be made in the spring.

HERALDED AS

Miller & Lyles big musical show "Who's Stealing." which plays at the Opera House Monday night under the management of C. L. Mc-Ciellan, is heralded as one of the bst colored shows on the road today.

The offering has appeared on the Keith. Leow and Orphium circuits and recently played to a capacity crowd at Memorial Hall, Dayton. The offering also played a five weeks' engagement at the Grand Theater in Chicago.

Included in the notable cast of dusky comedians, singers and dancers are Andrew Tribble, Leon Diggs, C. H. Bruce, Edward Fraction, W.

INTERNAL TREATMENT IS VERY NECESSARY

Authorities admit that rheumatism is one of three or four diseases of the human family difficult to conquer. The average practitioner, when consulted concerning Chronic Rheumatism, suggests restricted diet, possibly mineral springs and medical treatment. Sometimes one or all of tese will give relief. More frequently they will not.

While the cause of rheumatism is doubtful, yet it is believed that this painful disease is due to lactic acid in the blood. Certain it is that the suffering, and eventually deformity, are caused by some accumulation of poisons in the blood. Therefore, the only possible way to get relief is to ake an internal treatment that puri-

fies the blood. Prescription C-2223 stands above all other remedies as a blood purifer of great merit. It eliminates the acid poisons in blood which accumulate around the joints, cause so much pain, and if neglected result in deformity. This prescription changes diseased conditions into conditions of health because it removes the cause of the trouble by purifying the

blood. To assist Prescription C-2223 in throwing off the poisons, the liver should be made active and the bowels regulated. There is nothing better than 2223 Liver Pills. One is a dose and only three need be taken a week. They do not nauseate or The manufacturers are so sure that Prescription C-2223 will relieve you, that they agree to refund \$3.00 if two \$1.50 bottles do

not give satisfactory benefit. If your druggist wont supply you, send \$1.75 for one bottle of Prescription C-2223 and a box of Pills. Write Dept. 122, 2223 Laboratory, Memphis, Tenn., for literature, 1920 Almanac and sample of Pills.

Every Ford Owner Should Know

Just what Ford Service is, and why it is different from ordinary garage service, and why it is more profitable to patronize the Authorized Ford Dealer?—The Ford Dealer is a part of the Big Ford Family. He carries a large stock of genuine Ford parts for repairs and replacements so you don't have to wait while he sends for them, and he uses only genuine parts because he knows the imitation parts aren't dependable and don't wear.

He has a thoroughly equipped up-to-the-minute garage with tools that enable his Ford Mechanics to efficiently and properly make any repair-from a minor adjustment to a complete overhaul. And when the work is finished, his bill represents the reasonable,

standard Ford prices. Now, we are Authorized Ford Dealers-a part of that great Ford Service organization which was formed chiefly to put within each community a dealer who would have more than a passing interest in Ford repairs and adjustments. We are prepared and equiped to render prompt, careful Ford service. Drive in cr 'phone and we'll

TELEPHONE YOUR WANTS TO

Order Your Wallis Now -and avoid disappointment

Hundreds of good business farmers were disappointed last year because they were not able to get a Wallis tractor.

Many have told us, because of their delay in buying, they suffered considerable financial loss. For this reason, we believe, we owe it to our farmer friends to submit the facts regarding Wallis production.

During the past year our plan for increased production of Wallis tractors has been completely carried out. But keeping up Wallis quality of precision, care and accuracy, permits us to safely increase production only a given per cent each year.

Therefore, we know in advance that many who would buy Wallis tractors this year will be disappointed unless their orders are placed immediately.

Our dealer-distributors are vying with each other in placing orders for early shipment, but we have asked them to be content with fewer Wallis tractors than they are demanding, to the end that each community may get its share of the available supply.

We ask you and every other intending purchaser to be fair with himself—to look ahead to the early spring work—to harvest time, when the heat is killing horses in the fields and stopping binders; and to threshing time, when dependable power means saved time and increased profits.

If you are to have a Wallis, you cannot delay placing your order. There is a Wallis dealer near you who will accept your deposit and hold your Wallis Tractor and J. I. Case Tractor Plow, Lister and Disc Harrow for you. Or, better still, will deliver them immediately.

J. I. CASE PLOW WORKS COMPANY, Racine, Wis., U. S. A.

The report of the Greene County Lirary for the past fiscal year, which gives proof of the popularity of the institution, shows the number of books on hand and the number of people who patronize the institution

during a year.

On October 1, 1919, there were 18,050 books on hand, there being added
during the year 472. Besides these
50 periodicals are regularly received
from all sources, 37 of which are subscribed for by the Library and 13 of which are contributed.

The report shows that the number of volumes issued for home use was 46,719 and that the total number co readers for the year was 4,907, which shows that each reader took out an during the year. The popularity of reading in the Library is shown by the fact that the number of readers of boks and periodicals in the Library was 7,198.

The Library was open for circulation 295 days, the average daily circulation being 158 while the average monthly circulation was 3,893. The branches of the Library were popular. At the station at Yellow Springs, there was a circulation of George W. Mills, Sr., is on the 590 books, at Bowersville 206, at Alpha 52, at Jamestown 222 and at with the grip. Spring Valley 540. THREE CENT RATE WILL PREVAIL IN RAILROAD CHARGES

THR EE Columbus, O., March 1—Unless the courts decide to the contrary the Ohio Two cent passenger law, in all probability, will not be observed by the railroads which reverted to private ownership today. The three cent rate is expected to continue, at least, until a rate is fixed by the state utiliities commission under the new Ohio law, effective April 11, which permits a three cent rate.

Railroad officials here say they have received no instructions to discontinue charging three cents a mile. For the time being, it is expected that train schedules on roads enter-

ing this city will remain unchanged. Some changes are expected to be made in the spring.

HERALDED AS GOOD ATTRACTION

Miller & Lyles big musical show "Who's Stealing," which plays at the Opera House Monday night under the management of C. L. Mc-Clellan, is heralded as one of the bst colored shows on the road today.

The offering has appeared on the Keith, Leow and Orphium circuits and recently played to a capacity crowd at Memorial Hall, Dayton. The offering also played a five weeks engagement at the Grand Theater in

RHEUMATISM IS A BLOOD DISEASE

INTERNAL TREATMENT IS VERY NECESSARY

Authorities admit that rheumatism is one of three or four diseases of the human family difficult to conquer. The average practitioner, when consulted concerning Chronic Rheumatism, suggests restricted diet, possibly mineral springs and medical treatment. Sometimes one or all of tese will give relief. More frequently they will not.

While the cause of rheumatism is doubtful, yet it is believed that this painful disease is due to lactic acid in the blood. Certain it is that the suffering, and eventually deformity, are caused by some accumulation of poisons in the blood. Therefore, the only possible way to get relief is to take an internal treatment that purifies the blood.

Prescription C-2223 stands above all other remedies as a blood purifer of great merit. It eliminates the acid poisons in blood which accumulate around the joints, cause so much pain, and if neglected result in deformity. This prescription changes diseased conditions into conditions of health because it removes the cause of the trouble by purifying the

blood. To assist Prescription C-2223 in throwing off the poisons, the liver should be made active and the bowels regulated. There is nothing better than 2223 Liver Pills. One is a dose and only three need be taken a week. They do not nauseate or The manufacturers are so sure that Prescription C-2223 will relieve you, that they agree to refund \$3.00 if two \$1.50 bottles do

not give satisfactory benefit If your druggist wont supply you, send \$1.75 for one bottle of Pre-scription C-2223 and a box of Pills. Write Dept. 122, 2223 Laboratory, Memphis, Tenn., for literature, 1920 Almanae and sample of Pills.

Every Ford Owner Should Know

Just what Ford Service is, and why it is different from ordinary garage service, and why it is more profitable to patronize the Authorized Ford Dealer?—The Ford Dealer is a part of the Big Ford Family. He carries a large stock of genuine Ford parts for repairs and replacements so you don't have to wait while he sends for them, and he uses only genuine parts because he knows the

imitation parts aren't dependable and don't wear. He has a thoroughly equipped up-to-the-minute garage with tools that enable his Ford Mechanics to efficiently and properly make any repair—from a minor adjustment to a complete overhaul. And when the work is finished, his bill represents the reasonable,

standard Ford prices. Now, we are Authorized Ford Dealers-a part of that great Ford Service organization which was formed chiefly to put within each community a dealer who would have more than a passing interest in Ford repairs and adjustments. We are prepared and equiped to render prompt, careful Ford service. Drive in or 'phone and we'll come after your car.

TELEPHONE YOUR WANTS TO

Order Your Wallis Now -and avoid disappointment

Hundreds of good business farmers were disappointed last year because they were not able to get a Wallis tractor.

Many have told us, because of their delay in buying, they suffered considerable financial loss. For this reason, we believe, we owe it to our farmer friends to submit the facts regarding Wallis production.

During the past year our plan for increased production of Wallis tractors has been completely carried out. But keeping up Wallis quality of precision, care and accuracy, permits us to safely increase production only a given per cent each year.

Therefore, we know in advance that many who would buy Wallis tractors this year will be disappointed unless their orders are placed immediately.

Our dealer-distributors are vying with each other in placing orders for early shipment, but we have asked them to be content with fewer Wallis tractors than they are demanding, to the end that each community may get its share of the available supply.

We ask you and every other intending purchaser to be fair with himself—to look ahead to the early spring work—to harvest time, when the heat is killing horses in the fields and stopping binders; and to threshing time, when dependable power means saved time and increased profits.

If you are to have a Wallis, you cannot delay placing your order.

There is a Wallis dealer near you who will accept your deposit and hold your Wallis Tractor and J. I. Case Tractor Plow, Lister and Disc Harrow for you. Or, better still, will deliver them immediately.

IT SHOULD BE MADE LEGAL TO PROMOTE PUBLIC BEAUTY.

We note with pleasure that Mr. Dodds, in the sale of the lots in our New Roberts Addition provides certain restrictions in the deeds against the erection of what may be deemed undesirable buildings in this residential district. If necessary, we are certain that the city will back him by ordinance, to protect the lot purchasers in the restrictions as provided in their deeds.

We recollect the fight of a friend of ours, who had built some handsome residences in another city, against the erection of a public garage in the neighborhood. He had it enjoined over and over again, but every next morning it would show several feet of growth during the night. Our friend lost out in his fight, because he hadn't enough municipal law to back him-and of course the garage deteriorated the value of all property within several

The attention of schools of industrial art and organizations such as the American Civic Association has been called to a very remarkable decision of the Minnesota Supreme Court which practically lays down the fact that good taste in city architecture pays. The decision grew out of a suit of a building and investment company against the city building inspector of Minneapolis who had refused to grant a permission for the erection of an apartment house which he deemed was of an unseemly character and unfitted to the neighborhood. The court upheld him, and under the ruling apartment houses may be barred out of residential districts in Minneapolis if they do not meet the esthetic requirements of the neighborhood.

The court, indeed, not only reversed itself in its decision, but brought to an end a fight that has been going on for five years. In sustaining the city official the court made a generalization which is of very wide application. For in the opinion of the court:

"It is time that courts recognized the esthetic as a factor in life. Beauty and fitness enhance values in public and private structures. But it is not sufficient that the building is fit and proper, standing alone; it should also fit in with surrounding structures to some degree. People are beginning to realize this more than before and are calling for city planning by which the individual homes may be segregated from not only industrial and mercantile districts, but also from the districts devoted to hotels and apartments. The act in question responds to this call and should be deemed to provide for a taking for a public purpose.

This opinion is in line with the kind of thing that is being secured in many cities through zoning commissions and comprehensive plan and parkway bodies which have been given by law a certain discretion as to the esthetic aspect of public improvements and the regions adjacent. It is also in line with common sense and is a needed warning to those who would obtrude aggressive ugliness on the most costly civic embellishments that so many cities are now planning. Revolutions of this kind in public taste do not move backward.

THIS MARTIAN NONSENSE.

All this discussion about communicating with the planet Rev. Dudley B. Ashford, Mars sounds very foolish, if we accept the conclusions of Prof. Svante Arrhenius, the Swedish scientist, as given in a recent book, "The Destinies of the Stars."

Prof. Arrhenius sets forth, as a result of careful research sided by the most modern instruments of observation, that there is scarcely any atmosphere on Mars; that such thin atmosphere as there is contains only one-sixteenth as much oxygen as our own that it is therefore impossible for animal life of the earthtype to be sustained on Mars; that likewise there is not enough more service to humanity into a few moisture there to sustain either animal or vegetable life; that on years than most men accomplish in a account of the atmosphereic rarity and lack of moisture, there is life-time. no retention of the sun's heat as there is by the air-blanket of Harley College, London, England, he the earth, wherefore the surface of Mars as it revolves is alternately baked and frozen, and has an average temperature of about 30 degrees below zero, a temperature at which any organic London. A short time thereafter he life as we know is plainly impossible.

As regards those famous "canals," he pronounces them mere before the people of Norway, and tourcracks on the surface of a dead, dried-up planet, produced by the ed that land with such success that he shrinking of the crust as it cooled off, and much like the crevasses was greeted by enormous crowds at observable on the moon and Mercury,

Under the circumstances, it might be as well if people would forget about Mars for a while, and turn their attention to develop- sent to New Zealand and for three ing canals right here in the United States, and improving the means of communicating intelligently between the various cities were novel and thrilling.

OCCUPANTS TO OWN THEIR HOMES IN BIG SEATTLE APARTMENT HOUSE.

GERMANY EXPECTS CRISIS OVER TREATY TERMS WITH FRANCE

Berlin, March 1.—Official Germany anticipates a new "crisis" shortly in fulfillment of certain treaty terms, it was declared in government circles today. There are indications that a note will be received from France early in March complaining of the destruction of German guns and other war materials which Germany was to have delivered to France under the treaty terms.

General Nollet, of the French mission in Berlin, who has just received instructions from his government on this matter, has issued an official warning to Germany.

General Nollet personally called upon Chancellor Bauer and Minister of Defence Noske to explain the attitude of the French government.

Germany expects a formal note from France charging the Germans with evasion of treaty terms in as much as they "are scrapping war materials instead of delivering them."

DENY KNOWLEDGE OF ANY CRISIS IN JAPAN INTERESTS

London, March 1-Members the Japanese delegation in London for the meeting of the council of premiers declared today that they had no confirmation of a report printed by the Daily Telegraph that "serious developments have occurred in Japan." Japanese officials declared the only meaning they could attach to the report, if it was to be taken seriously was theat the Japanese cabinet may have collapsed. The foreign office was without any advice from Tokio bearing on the subject.

THIS MARTIAN NONSENSE.

All this discussion about communicating with the planet Mars sounds very foolish, if we accept the conclusions of Prof. Svante Arrhenius, the Swedish scientist, as given in a recent book, "The Destinies of the Stars."

Prof. Arrhenius sets forth, as a result of careful research sided by the most modern instruments of observation, that there is scarcely any atmosphere on Mars; that such thin atmosphere as there is contains only one-sixteenth as much oxygen as our own that it is therefore impossible for animal life of the earthtype to be sustained on Mars; that likewise there is not enough more service to humanity into a few moisture there to sustain either animal or vegetable life; that on years than most men accomplish in a account of the atmosphereic rarity and lack of moisture, there is life-time. no retention of the sun's heat as there is by the air-blanket of Harley College, London, England, he the earth, wherefore the surface of Mars as it revolves is al- was ordained minister at the famous ternately baked and frozen, and has an average temperature of New Court Congregational church about 30 degrees below zero, a temperature at which any organic London. lane calmly; and then he looked salmly at me.
"'But it was built to do that,
wasn't it?' he said."

A Yankee passenger in a train the other day was wearing his fellow-passengers with tall stories and re-marked, "We can start with a twelve-story hotel this month, and have it finished by next."

This was too much for the burly Yorkshireman, who sat next to him.
"Man, that's nowt," he said. "I've seen 'em in Yorkshire when I've been going to work just laying the foundation stone and when I've been coming home at neet they've been put-ting the folk out for back rent."

The chaplain came plodding along the road coming back from the front lines several hours after the infantry had gone over the top.

"How are things going up there?" inquired an artillery lieutenant.
"Fine, fine," said the champlain.
"We're knocking them for a goal."

"Haven't seen many prisoners," said the lieutenant skeptically.
"No, and I guess you won't," replied the chaplain, "our machine

GERMANY EXPECTS CRISIS OVER TREATY TERMS WITH FRANCE

Berlin, March 1 .- Official Germany Harry Sparks has been employed anticipates a new "crisis" shortly in it was declared in government circles today. There are indications that a note will be received from France early in March complaining of the destruction of German guns and other war materials which Germany was to have delivered to

France under the treaty terms. General Nollet, of the French mission in Berlin, who has just received instructions from his government on this matter, has issued an official warning to Germany.

General Nollet personally called upon Chancellor Bauer and Minister of Defence Noske to explain the attitude of the French government.

Germany expects a formal note from France charging the Germans with evasion of treaty terms in as much as they "are scrapping war materials instead of delivering

DENY KNOWLEDGE ANY CRISIS IN JAPAN INTERESTS

London, March 1-Members the Japanese delegation in London for the meeting of the council of premiers declared today that they had no confirmation of a report printed by the Daily Telegraph that "serious developments have occurred in Japan." Japanese officials declared the only meaning they could attach to the report, if it was to be taken seriously was theat the Japanese cabinet may have collapsed. The foreign office was without any advice from Tokio bearing on the subject.

RAILROADER IS DEAD, REPORT

Cincinnati, O., March 1.Benjamin C. Stevenson, 45, Toledo, Ohio, federal manager of the Toledo, St. Louis and Western and Detroit and Toledo Shore Line railroads, is dead at the home of his sister, Mrs. Mary Fryer, Fort Thomas, Ky., where he was visiting. He suffered a nervous breakdown several months ago. Mr. Stevenson was a native of Kentucky.

Tells Rheumatism Sufferers to Eat Less Meat and Take Salts.

Rheumatism is easier to avoid than to cure, states a well known authority. We are advised to dress warmly; keep the feet dry; avoid exposure;

eat less meat, but drink plenty of good water. Rheumatism is a direct result of

eating too much meat and other rich foods that produce uric acid which is absorbed into the blood. It is the function of the kidneys to filter this acid from the blood and cast it out in the urine; the pores of the skin are also a means of freeing the blood of three years with this impurity. In damp and chilly these troubles and cold weather the skin pores are closed doctors did me no thus forcing the kidneys to do double good. Your med-icine helped my sis-and fail to eliminate the uric acid and fail to eliminate the uric acid which keeps accumulating and circulating through the system, eventually settling in the joints and muscles causing stiffness, sorenes and pain called rheumatim.

Sanative Wash and now I am well, can eat heartily and work. I give you my thanks for your great medicines. You may publish my letter and I will tell everyone what your medicines did for me."—Mrs. Pearl Hill, 418 Jacksboro St., Knoxville, Tennessee.

At the first twige of rheumatism get from any pharmacy about four ounces of Jad Salts; put a tablespoonful in a glass of water and drink before breakfast each morning for a week. This is said to eliminate uric acid by stimulating the kidneys to At the first twige of rheumatism week. This is said to eliminate uric acid by stimulating the kidneys to normal action, thus ridding the blood

of these impurities. Jad Salts is inexpensive, harmless and is made from the acid of grapes and lemon juice, combined with lithia and is used with excellent results by thousands of folks who are subject to rheumatism. Here you have a pleasant, effervescent lithia-water drink which helps overcome uric acid and is beneficial to your kidneys as well.

### RAILROADER IS DEAD, REPORT

Cincinnati, O., March 1.Benjamin C. Stevenson, 45, Toledo, Ohio, federal manager of the Toledo, St. Louis and Western and Detroit and Toledo Shore Line railroads, is dead at the home of his sister, Mrs. Mary Fryer, Fort Thomas, Ky., where he was visiting. He suffered a nervous breakdown several months ago. Mr. Stevenson was a native of Kentucky.

Tells Rheumatism Sufferers to Eat Less Meat and Take

Rheumatism is easier to avoid than to cure, states a well known authority. We are advised to dress warmly; keep the feet dry; avoid exposure; eat less meat, but drink plenty of good water.

Rheumatism is a direct result of eating too much meat and other rich foods that produce uric acid which is absorbed into the blood. It is the function of the kidneys to filter this acid from the blood and cast it out in bothered me, all acid from the blood and cast it out in caused by female the urine; the pores of the skin are trouble. I was also a means of freeing the blood of three years with this impurity. In damp and chilly these troubles and cold weather the skin pores are closed octors did me no thus forcing the kidneys to do double work, they become weak and sluggish and fail to eliminate the uric acid which keeps accumulating and circulating through the system, eventually settling in the joints and muscles

Pills and used Lydia E. Pinkham's
Sanative Wash and now I am well, can
eat heartily and work. I give you my
thanks for your great medicines. You
may publish my letter and I will tell
everyone what your medicines did for everyone what your medicines did for fore breakfast each morning for a me."—Mrs. Pearl Hill, 418 Jacksboro week. This is said to eliminate uric week. This is said to eliminate uric acid by stimulating the kidneys to

Hundreds of such letters expressing gratitude for the good Lydia E. Pinkham's Vegetable Compound has accomplished are constantly being received, proving the reliability of this grand old and lemon juice, combined with lithia and is used with excellent results by If you are ill do not drag along and continue to suffer day in and day out but at once take Lydia E. Pinkham's Vegetable Compound, a woman's thousands of folks who are subject to rheumatism. Here you have a pleasant, effervescent lithia-water drink which helps overcome uric acid and is

# FESS EXPLAINS PRESIDENT PLAN

Congressman S. D. Fess, was in Xenia for a short time Saturday afternoon, on his way to the capital. The congressman gave an address in Day. ton Friday night, and went on to his home in Yellow Springs for a few Clara and O. A. Benham to T. L home in Yellow Springs for a few Lakely, 58.92 acres and half interest hours, Mrs. Fess remained in Wash-

In speaking of the resolution intro-Jennie and Samuel Oliver to Delma duced by him in the House of Repre-A. Oliver and L. L. Earley, 58-100 sentatives, providing for an amendment to the constitution which would Maud Hartman to Huston B. Cor. give to the supreme court the power of determining the disability of the president, Dr. Fess said:

"The amendment provides that upon a concurrent resolution of congress the Supreme court shall determine the question of disability of the president There is no power in the constitution as it now stands. Congress cannot determine when disability exists. Every act of Congress must be signed or vetoed by the president. If he is suffering from disability he could not sign or veto such a bill.

"The Supreme Court cannot deter mine it, because it is a political question, and Congress cannot confer upor non-political question. The vice-president cannot determine it because he is On the Hiring Line."

Albert Garringer to Stephen Garan interested party and the rules of evidence forbid the man determining

such questions in his own interest. "The ony remedy is an amendment expressly fixing the authority. The resolution seeks to do this."

The Fess resolution would add to Section One, Article 11 of the Constitution, the following:

"Said disability shall be determined by the Supreme Court when authorized by a concurrent resolution of Congress. The vice-president is authorized upon recommendation of the cabinet, to call Congress into special session for this purpose.

Keep Your Blood Clean As You Keep Your Body Clean. You Don't Wait Until Your Bodysis Foul Before You Cleanse It

It is a matter of surprise that many people who are so careful to have clean bodies make no effort to keep the blood clean. Everyone knows that uncleanness breeds disease; that those who do not keep their bodies in a wholesome condition and who dwell in filthy surroundings are the first to fall when some epidemic of disease sweeps the country. But foul blood is more dangerous to the individual than a foul body. An unclean body is a passive rather than an active hindrance to health. But unclean blood is an active threat against the very life—it makes the body a prepared breeding place for disease.

It is part of Nature's plan for human safety that in many cases where the blood is impure or corrupt she sets a sign on the body in proof of the corrupt current that is flowing through the veins. Scrofula with its disfiguring sores and scars, eczema with its irritation, salt-rheum, tetter, erysipelas, boils, pimples and other eruptions are only the outward signs of the impurity of the blood. But often in the earlier or simpler stages of the blood's impurity there are no outward signs of this condition; only dull, languid, sluggish feelings, which are commonly attributed solely to the sluggishness of the

In view of the fact that everybody is liable to impurity of the blood why should we not treat the blood as we do the body—keep it clean on general principles? We wash and bathe regularly. We don't figure up how long we can go without cleansing the body or put off the bath until we become offensive. We intend to keep our bodies clean, and we wash regularly whether we appear to need it or not. If we keep the blood pure, we are less liable to fall victims to "flu."

Of all preparations for purifying the blood Dr. Pierce's Golden Medical Discovery easily takes the first place. It eliminates from the blood the elements which clog and currupt it, and which breed and feed disease. It acts directly on the blood-making glands, increasing their activity, and so increasing the supply of rich, pure blood which is the life of the body. Put up in tablets and liquid and sold by druggists.

Many thousands in every state testify. Here is what one says:

Oak Harbor, Ohio-"I had a very good experience with 'Golden Medical Discovery.' I had been having boils all over my body; my blood was impoverished and in very poor condition. I took the 'Discovery' and it cleared up my blood and so purified it that I have never had any more boils. Dr. Pierce's Golden Medical Discovery is an excellent blood medicine and tonic to build up a rundown system and I am glad to recommend it as such."-LOWRIE HARTWELL, Post Office Box 21, Oak Harbor, Ohio.

## GIVE REASONS FOR APPEAL FOR

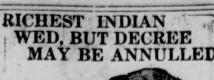

New York, March 1 .- S. E. J. Cox millionaire oil magnate of Houston, Texas, has pledged the sum of \$100, 000 for the construction of a "speed marvel" airplane to be entered by the aero club of Texas in the international aviation races to be held next September in France, it was announced today by the aero club of America. Mr. Cox hopes that his contribution will be used for the construction of a machine which will capture the international flying trophy for the United States.

RETIRED ADMIRAL NAMED DIRECTOR OF SHIP BOARD

Admiral William S. Benson.

Admiral William S. Benson, reired former ranking offices of the United States navy, has been nominated for the post of dector of the

# FESS EXPLAINS

Congressman S. D. Fess, was in Xenia for a short time Saturday afternoon, on his way to the capital. The congressman gave an address in Dayton Friday night, and went on to his

Jennie and Samuel Oliver to Delma duced by him in the House of Repre-A. Oliver and L. L. Earley, 58-100 sentatives, providing for an amendment to the constitution which would Maud Hartman to Huston B. Cor. give to the supreme court the power of determining the disability of the president, Dr. Fess said:

"The amendment provides that upon a concurrent resolution of congress the Supreme court shall determine the question of disability of the president There is no power in the constitution as it now stands. Congress cannot determine when disability exists. Every act of Congress must be signed or vetoed by the president. If he is suffering from disability he could not sign or veto such a bill.

"The Supreme Court cannot deter mine it, because it is a political question, and Congress cannot confer upor non-political question. The vice-president cannot determine it because he is LYRIC—All week, E. H. Southern ringer, 40.44 acres in Silvercreek evidence forbid the man determining

"The ony remedy is an amendment expressly fixing the authority. The res-Ora M. and Laura Whittington to olution seeks to do this."

The Fess resolution would add to Section One, Article 11 of the Constitution, the following:

session for this purpose.

### WHY SUFFER TRUSLER'S RHEUMATIC

Keep Your Blood Clean As You Keep Your Body Clean. You Don't Wait

Until Your Bodysis Foul Before You Cleanse It

to keep the blood clean. Everyone knows that uncleanness breeds discase; that those who do not keep

their bodies in a wholesome condition and who dwell in filthy surroundings are the first to fall when

some epidemic of disease sweeps the country. But foul blood is more dangerous to the individual than a foul body. An unclean body is a passive rather than an active hindrance to health. But unclean

blood is an active threat against the very life—it makes the body a prepared breeding place for disease.

It is part of Nature's plan for human safety that in many cases where the blood is impure or corrupt she sets a sign on the body in proof of the corrupt current that is flowing through the veins. Scrofula with its disfiguring sores and scars, eczema with its irritation, salt-rheum, tetter, erysipelas,

boils, pimples and other eruptions are only the outward signs of the impurity of the blood. But often in the earlier or simpler stages of the blood's impurity there are no outward signs of this condition;

only dull, languid, sluggish feelings, which are commonly attributed solely to the sluggishness of the

blood as we do the body-keep it clean on general principles? We wash and bathe regularly. We

don't figure up how long we can go without cleansing the body or put off the bath until we become offensive. We intend to keep our bodies clean, and we wash regularly whether we appear to need it or

and feed disease. It acts directly on the blood-making glands, increasing their activity, and so increasing the supply of rich, pure blood which is the life of the body. Put up in tablets and liquid and sold by druggists. the first place. It eliminates from the blood the elements which clog and currupt it, and which breed

Oak Harbor, Ohio—"I had a very good experience with 'Golden Medical Discovery." I had been having boils all over my body; my blood was impoverished and in very poor condition. I took the 'Discovery' and it cleared up my blood and so purified it that I have never had any more boils.

Dr. Pierce's Golden Medical Discovery is an excellent blood medicine and tonic to build up a rundown system and I am glad to recommend it as such."—LOWRIE HARTWELL, Post Office

not. If we keep the blood pure, we are less liable to fall victims to "flu."

Many thousands in every state testify. Here is what one says:

Box 21, Oak Harbor, Ohio.

People Notice It. Drive Them Off with Dr. Edwards'

Olive Tablets

A pimply face will not embarrass you

much longer if you get a package of Dr. Edwards' Olive Tablets. The skin

Dr. Edwards' Olive Tablets. The skin should begin to clear after you have taken the tablets a few nights.

Cleanse the blood, bowels and liver with Dr. Edwards' Olive Tablets, the successful substitute for calomel; there's no sickness or pain after taking them.

Dr. Edwards' Olive Tablets do that which calomal riose and just as effect.

which calomel does, and just as effec-tively, but their action is gentle and

safe instead of severe and irritating. No one who takes Olive Tablets is

ever cursed with a "dark brown taste," a bad breath, a dull, listless, "no good" feeling, constipation, torpid liver, bad disposition or pimply face.

Olive Tablets are a purely vegetable compound mixed with a blive riller with the compound with the compound

compound mixed with olive oil; you will

know them by their olive color.

Dr. Edwards spent years among patients afflicted with liver and bowel complaints, and Olive Tablets are the

immensely effective result. Take one of two nightly for a week. See how much better you feel and look. 10c and 25c.

QUINING LAXATIVE

VIII Not Gripe er Sick

take a few of them. Relief in twenty-four hours. Perfectly safe. Ask your druggist or dealer. Only

In view of the fact that everybody is liable to impurity of the blood why should we not treat the

Of all preparations for purifying the blood Dr. Pierce's Golden Medical Discovery easily takes

It is a matter of surprise that many people who are so careful to have clean bodies make no effort

## WORKS HARD TO 1 **AVERT FLU EPIDEMIC**

Government and City Health Officials Warn People to Keep Clean.

Stay Away from People with Coughs and Colds.

"Avoid crowds if you want to avoid influenza," says Association for Improving the Conditions of

Keep your hands clean, drink plenty of fresh water; sleep with windows open; eat three uniform meals a day including a good breakfast. People who have catarrh or frequent colds invite Influenza, de-

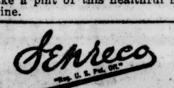

clares a prominent Kentucky The membrane of the throat and nose is raw, sore and tender, and makes a lovely abiding place for germs to thrive and multiply. He advises an inexpensive home-

made remedy that will bring relief in less than a day and will stop all discharge and sooth and heal the inflamed membrane in a few days. Thousands are making this beneficial remedy at home and any-

one who has catarrh or a cold can

Pour three-quarters of an ounce of Mentholized Arcine into a pint bottle, then fill the bottle with water that has been boiled. Gargle the throat as directed

Gargle the throat as directed and snuff or spray the liquid into the nostrils twice daily. It's a simple way to get rid of cold and catarrh and keeps the nasal passage and throat clean and healthy. Nearly all druggists dispense Mentholized Arcine in vials containing exactly three-quarters of an ounce, which is all you need to make a pint of this healthful medicine.

play "An Interrupted Proposal" was given. The production was very clever and all the parts were excellantly

portrayed. The complete cast was as follows: Stephen Howard . . William LeSourd Samuel Tracy ... Kenneth Hudson Thomas Stone ..... Louis McCoy Mrs. Stone ..... Leila Fudge Helen Stone ..... Gertrude Jones Mrs. Ramsey ..... Sarah Delph

Betty ..... Dorothy Morrison The last number on the program was a quartette of grand opera singers, Frances Loyd, Virginia Phillips, Ruth Whittington and Reba Anders, whose interpretations of the opera called for a hearty encore.

Mary Elizabeth Evans, daughter of Moses and Sarah Evans, was born December 12th, 1851, and departed this life February 21st, 1920, aged 68 years, 2 months and 9 days.

Of her immediate family there were five brothers and four sisters. Only one brother, Moses Edmond, survives her. Her entire life was spent in the

community of her birth, having been born and lived the early period of her life on the farm known as the Evans farm. After completing her school life in the old Clearsprings District school she was a student for a time

in the National Normal University at Lebenon, Ohio.

For the past 26 years her home has been in Spring Valley. Throughout the declining years of her Mother's life she gave her the

Being of a naturally quiet dispoa loving daughter. Since the death of her Mother she retained her home in Spring Valley but spent much of her time, while health permitted, in ministering to those endeared to her by the ties of nature. Last August she went to Colorado

expecting to remain with Hazel, but illness overtaking her she returned home in December. Her final sickness dated from February 6th, from which she seemed to be recovering slowly, when suddenly shortly after midnight on Saturday morning, an attack of ap-

oplexy snapped the brittle thread of She was a member of the Methodist church in Spring Valley, and of the Daughters of Rebekah Lodge.

Being of a naturally quite dispo-

sition she will be missed most of all in the home by the large circle of relatives and friends who knew her but to love her. Widely scattered today are the remnants of this once large family relationship, but we look forward to

# Brunswick

Why the Brunswick Method of Reproduction Insures a Superior Phonograph

the Ultona, a new conception in playing. The Ultona consists of an arrangement of the several. necessary reproducing diaphragms upon one tone arm - an all-in-one arrangement, with no attachments -- nothing to take off or puton. At a turn of the hand, the Ultona presents to any type of record the proper diaphragm and needle, the exact weight. Thus the requirements

of each type of record are met. The Ultona de-

often do.

mands no sacrifice in tone, as attachments

Reason No. 1 The Brunswick Method of Reproduction includes

Reason No. 2 Equal in importance to reproduction is tone amplification. The Brunswick Method of Reproduction also includes a new idea in acoustics—The Brunswick Amplifier. Old-time, ideas were at wariance. Some makers still ding to metal construction. Others use a combination of wood and metal—a wooden horn and a metal casting as the "throat." But the Brunswick Amplifier is oval in shape, and built entirely of wood, like a fine violin. It is molded of rare

Teceive uniform amplification to reach their fullness, hence The Brunswick tone is richer and more natural. Strident, metallic notes are absent. We Invite Comparison

helly-wood. The sound waves

Make comparisons. Let your ear decide. Try to find an equal to Brunswick tone\_ You're bound to end such a search at a Brunswick shop, where every oppor-tunity will be given you to decide for yourself. Hear this remarkable in-strument | before you de-ide.

Stay Away from People with Coughs and Colds.

"Avoid crowds if you want to avoid influenza," says Association for Improving the Conditions of New York.

Keep your hands clean, drink plenty of fresh water; sleep with windows open; eat three uniform meals a day including a good breakfast. People who have catarrh or frequent colds invite Influenza, de-

clares a prominent Kentucky The membrane of the throat and nose is raw, sore and tender, and makes a lovely abiding place for germs to thrive and multiply. He advises an inexpensive home-made remedy that will bring relief in less than a day and will stop all

discharge and sooth and heal the

inflamed membrane in a few days.

Thousands are making this beneficial remedy at home and anyone who has catarrh or a cold can do the same. Pour three-quarters of an ounce of Mentholized Arcine into a pint bottle, then fill the bottle with water that has been boiled.

Gargle the throat as directed and snuff or spray the liquid into the nostrils twice daily. It's a simple way to get rid of cold and catarrh and keeps the nasal passage and throat clean and healthy.

Nearly all druggists dispense Mentholized Arcine in vials containing exactly three-quarters of an ounce, which is all you need to make a pint of this healthful me-

In the sale of PEPSINCO we know of course that advertising pays, but in this sense, it's not the advertising which we buy in this newspaper, but the advertising which satisfied users of PEP-SINCO give us through their sincere and immediate recommendation of PEPSINCO to others. No remedy in our entire stock, for the purpose seems to give such universal satisfaction as PEPSINCO and this, whether it is taken for simple case of gas, belching, chronic indigestion or acute dyspensia. You can safely put your trust in PEP-SINCO complete faith that it will not fail you.

Ask your druggist-he sells and recommends Pepsinco.

Why the Brunswick Method of Reproduction Insures a Superior Phonograph

arm - an all-in-one arrangement, with no attachments -- nothing to take off or puton. At a turn of the hand, the Ultona presents to any type of record the proper diaphragm and needle, the exact weight. Thus the requirements of each type of record are met. The Ultona demands no sacrifice in tone, as attachments

often do.

Reason No. 1 The Brunswick Method, of Reproduction includes

the Ultona, a new conception in playing. The

Ultona consists of an arrangement of the several

necessary reproducing diaphragms upon one tone

Reason No. 2 Equal in importance to re-production is tone amplifica-tion. The Brunswick Method of Reproduction also includes a new idea in acoustics -The Brunswick Amplifier Old-time ideas were at wariance. Some makers still ding to

metal construction. Others use a combination of wood and metal—a wooden horn and a metal casting as the throat. But the Brunswick Amplifier is oval in shape, and built entirely of wood, like a fine violin. It is molded of rare helly-wood. The sound waves receive uniform amplification to reach their fullness, hence The Brunswick tone is richer and more natural Stri-dent, metallic notes are

absent. We Invite Comparison

Make comparisons. Let your ear decide. Try to find an equal to Brunswick tone.

You're bound to end such a search at a Brunswick shop, where every opportunity will be given you to decide for yourself. Hear this remarkable in-strument before you de-ide.

Washington, Feb. 1 .-- President Wilson, hopeful that the league of nations can be made a popular issue by the Democratic party in the presidential campaign, does not desire the peace treaty ratified now.

Senator Hitchcock, the administration leader, so informed Senator Lodge the Republican leader, it was disclosed today by Republican and Democratic senators favoring ratification on the basis of the Lodge reservations.

In describing the treaty situation as "hopelessly deadlocked," these senators charged Hitchcock with purposely blocking ratifications by reflecting the president's unyielding opposition to the Lodge reservations to article

They declared Hitchcock was no more desirous of immediate ratification than the president himself and as the administration leaders acting under explicit instructions from the White House was doing all he could to prevent a union of Democratic senators sufficient to bring about ratification of the Lodge reservations.

The senate by unanimous consent will vote on the fourth of the Lodge reservations, that involving the domestic affairs of the United States at two o'clock this afternoon. Its defeat was freely predicted.
